## About Us

Our story began in 2018 when two abandoned kittens, Fe and Rea, joined our family. At the time, we had just developed our first cat tree.

Fe and Rea loved it so much that it inspired us to produce more products for them. And just like that, the idea for Feandrea was born.

Similar to our love for Fe and Rea, we aim to spread the love to more fur friends and their families through our comfy and stylish products.

We're committed to creating a life where humans and fur friends live in harmony. Regardless of the breed or size, we believe that fur friends are part of our family. Since we live together, let's care for each other.

## Our Missions
